Anaesthetic Concerns and Management of a Child with Chondrodysplasia Punctata

Presented by: Dr. Thomas Hackmann, MD FRCPC

Objectives
1. Review the features of this rare genetic defect
2. Review the implications of this condition on anaesthetic management
3. Develop an understanding of the multi organ disease that may develop in the course of this syndrome

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada, as approved by the Canadian Anesthesiologists’ Society.

These rounds have been made possible due to the generous support of AbbVie Corp Canada

Sick Kids participants attend in Room 8429 Hill Wing
