6th Annual McMaster INTER-PROFESSIONAL FORUM FOR EYE HEALTH & VISION CARE

TARGET AUDIENCE

Ophthalmologists, Optometrists, Family Physician /
Emergency Room Physicians, Nurse Practitioners,
Occupational Therapists, Rehabilitation Specialists,
Opticians, Residents & Other Primary Eye Care Workers

THEME: Inter-Professional Collaboration in Eye Care: Improving Point of Care and Patient Related Outcomes

The workshop will focus on activities that foster and promote accessible, integrated models of interprofessional collaboration through interprofessional education and collaborative practice that redesign eye health care in Canada. This inclusive, interactive workshop will focus on identifying the current trend in interprofessional collaboration and seek ways to improve the collaborative process including examining innovative approaches to enhance this collaboration.
