

Lab & Office Cleaning in MDCL

Cleaning of labs and offices consist of picking up garbage, recycling, sweeping and mopping of the floors or vacuuming. Floor waxing and dusting is considered spring cleaning and happens once per year. The cleaning is done on a 10 day schedule and that does not include weekends. Washrooms, lunchrooms and meeting rooms are cleaned daily. Please visit our web page to review the Cleaning Tasks and Frequencies.

Garbage is picked up every 10 days on the cleaning schedule by the custodians. There are several waste rooms in the building if you need to dispose of your garbage before your scheduled day.

On the 2nd floor

- Behind the Service Elevator heading over the bridge into the hospital
- Beside room 2233 which is marked Waste Room

On the 3rd floor

- Room 3026

On the 4th floor

- Rooms 4072 & 4089

On the 5th floor

- Rooms 5072 & 5080

Confidential Waste

- Requires a work order to be put into Aim to have the boxes picked up.
- Confidential waste must be put in a cardboard boxes and taped closed with clear markings that it is "Confidential Waste"
