Clinical Ethics Summer Institute
CESI 2008
July 14-17, 2008 • Art Gallery of Hamilton

Theme: Building a Foundation for Effective Ethics Programs

CESI is designed to respond to the changing needs of Canadian healthcare organizations. During this 4-day Institute, you can expect to:

• Engage with expert faculty and colleagues in an interactive learning environment
• Improve ethical decision-making knowledge and skills
• Acquire concrete strategies and practical tools for developing ethics programs
• Discover “Made in Canada” clinical ethics innovations
• Become better prepared to meet and exceed ethics accreditation standards

Who should attend?
This institute is intended for:
• Healthcare professionals
• Administrators
• Ethics committee members
• Ethicists/consultants
• Graduate students

The Program...
• Day One: Awakening the Ethical Imagination
• Day Two: Integrating Ethical Decision-making
• Day Three: Practicing Ethics Consultation
• Day Four: Creating an Ethical Climate

Topics Will Include...
• Communities of Practice
• Effective Language and Communication
• Conflict Resolution
• Ethical Decision-making Frameworks & Tools
• CCHSA (accreditation) Standards for Ethics
• Ethical Leadership
• Policy Development
• Resource Allocation
• Effectiveness of Ethics Programs

Location and Accommodations:
CESI 2008 will take place in downtown Hamilton, ON within the award-winning Art Gallery of Hamilton (AGH). The AGH provides a unique atmosphere for renewing and developing participants’ ethical imagination. The AGH is conveniently situated near many hotels and restaurants.
