

**Mon., Apr. 9, 2018**  
1:00 – 4:00 P.M.

DAVID BRALEY HEALTH SCIENCES CENTRE  
100 MAIN STREET WEST (CORNER MAIN & BAY)

**PEER OBSERVATION OF  
TEACHING:**  
a train-the-trainer workshop

Peer observation and coaching for teaching enhancement has been found to be helpful and engaging for teachers.

**How can groups of teachers develop such an initiative to be comfortable, useful, and effective for teaching practices?**

The Faculty of Health Sciences, supported by a *Forward with Integrity* grant has prepared material that can be used by ANY group of teachers to develop a program of peer observation with coaching, focused on enhancing teacher-to-teacher dialogue and reflection.

**Learning Objectives:**

In this train-the-trainer workshop, participants will:

- ⇒ Acquire information to become a supportive peer observer and coach
- ⇒ Review tools that have been developed to set up a program
- ⇒ Determine how they can initiate or enhance such a program in their own School, Department or group of teachers

**SAVE THE DATE**  
**May 9, 2018**  
Annual DAY in  
FACULTY DEVELOPMENT

**Registration Details :**
