The title "professor emeritus/emerita" shall be accorded to all retiring professors on regular staff and shall retroactively be accorded to all those faculty members who have retired from the University with the rank of professor with tenure.

The Senate Committee on Appointments is willing to consider a recommendation from a Faculty Appointments Committee for awarding the title "professor emeritus/emerita" to an untenured faculty member who holds an appointment at the rank of professor and for whom that committee would be prepared to recommend a tenured appointment at the rank of professor.
