

Himalayan Health Exchange

2016 & 2017 4th year Medical Students & Residents International Health Camps Schedule:

Himalayan Health Exchange will organize the following medical & dental camps in the remote Trans-Himalayan regions of north India and Indo-Tibetan Borderlands in 2016 & 2017. Each camp is designed to provide care to approximately 2,500 underserved patients and an opportunity for international health exposure to participants. 4th year medical students & residents' participation is limited to 25 on each trip. Supervision is provided by US based and board certified physicians.

Note: Participants are responsible for arranging their own funding to meet expedition costs and must be willing to put in a minimum of 6-8 hours of clinical work, each day, for the duration of each clinical period.

Inner Himalayas : Medical & dental camp in the remote tribal villages of North Indian Himalayas.
October 1 – October 26, 2016 & 17.

Outer Himalayas (Winter Camp): Medical & dental camp in the north Indian State of Himachal Pradesh
February 1-February 25, 2017.

Dharamsala: Dharamsala home to The 14th Dalai Lama and Tibetans in Exile.
April 1-April 28, 2017.

Kargiakh: High-altitude medical & dental camp in the Trans-Himalayan tribal village located in southern Zaskar. **August 1 - August 26, 2017.**
