**News & Events**

*NEW*  **MIRA & Labarge Research Day – Trainee Poster Competition**
MIRA and the Labarge Centre for Mobility in Aging invite you to participate in the MIRA & Labarge Research Day on **Thursday, December 14, 2017**. Hosted at the Atrium @ McMaster Innovation Park, the day will feature highlights in interdisciplinary research in aging from across the University.

Registration is now open and closes on **Monday, December 11 at 5 p.m.**

Participation in the poster session is welcome from researchers across the University. There will also be a poster competition for trainees. Poster registration is due **Friday, December 8 at 12 p.m.** To submit a poster, MIRA requires the poster title and list of co-authors at this time. Poster presenters will be responsible for printing and transporting their own posters for display at MIP by 9:30 a.m. on December 14.

To register or submit a poster [Click here](#).

**Trainee Poster Competition Guidelines and Judging Criteria**
The MIRA Trainee Poster Competition is open to McMaster trainees at all levels (undergraduate and graduate students and postdoctoral fellows) from all Faculties. A certificate and monetary award will be presented to the top poster in each academic category. Posters will be judged based on visual presentation and clarity of poster, appropriate design of project methods and research questions, merit of findings and validity of conclusions, and the ability of the trainee to describe the research and answer questions.

**AGENDA**
**December 14, 2017**
09:00 - 10:00 | Coffee & breakfast served, poster set-up
10:00 - 10:30 | Opening remarks
10:30 - 11:30 | Presentations from 2016 Labarge Opportunities Fund Grant recipients
11:30 - 13:00 | Poster session and lunch
13:00 - 13:30 | Closing remarks and poster award presentations

*NEW*  **Webinars SSHRC Insight Development Grants Competition**
SSHRC will be holding a webinar for applicants and research administrators to answer questions about the upcoming **Insight Development Grants** competition. Webinar participants will have the opportunity to submit written questions via the webinar interface at any time during the presentations. No registration is required, so you can drop in at any time.

**Time:** Tuesday, December 12, 2017, 1:00 p.m. to 2:30 p.m. (eastern)
**Link:** [https://sshrc-crsh.adobeconnect.com/rul991i52gjk/](https://sshrc-crsh.adobeconnect.com/rul991i52gjk/)

To join the webinar, click on the link above, or copy and paste it into your web browser.
Enter your name in the field provided.
Click “Enter Room” to join the webinar.
Adjust the volume on your computer.

**NSERC Webinars for SPG-P Letters of Intent**

You are invited to attend a webinar regarding the 2018 competition for Strategic Partnership Grants for Projects. The webinar will highlight the process for Stage 1 – Letter of Intent.

The webinar is scheduled as follows:
Tuesday December 12, 2017 from 1:00 to 2:00 (Eastern Time)

Linux users must [install the add-in](#) for Adobe Connect.

**Meeting Name:** SPG-P LOI Webinar  
**Date/Time:** December 12, 2017 at 1:00 PM (Eastern Time)  
**To join the meeting now, click here:** [http://nsercofcanada.adobeconnect.com/spg-p_loi_webinar/](http://nsercofcanada.adobeconnect.com/spg-p_loi_webinar/)

**BCCC Healthcare Forum 2017**

The Brazil Canada Chamber of Commerce (BCCC) is pleased to announce the 4th edition of the BCCC Healthcare Forum to take place in Toronto on December 7th, 2017. This half-day seminar will offer an in-depth program to address the current opportunities in digital health and medical devices with the participation of the Brazilian National Association of Private Hospitals (ANAH). The Forum will also showcase successful case studies of Canadian companies already doing business in Brazil. [Register Here](#)

**When:** December 7th, 2017  
**Time:** 8:00 am – 12:30 pm  
**Where:** McCarthy Tétrault  
66 Wellington St. West, Toronto ON

**Additional Details**

Department of Defense Lupus Research Program (LRP) Funding Opportunities for Fiscal Year 2017

Department of Defense Kidney Cancer Research Program (KCRP) Funding Opportunities for Fiscal Year 2017

Department of Defense Psychological Health/Traumatic Brain Injury Research Program (PH/TBIRP) Peer Support Program (PSP) Translational Research Award

*NEW* Department of Defense Medical Research and Development Program (DMRDP) Accelerating Innovation in Military Medicine (AIMM) Research Award

The overall goals for this funding opportunity are to:

- Catalyze the transfer of health research knowledge in the area of sex- and gender-based analysis into health policy development and practice.
- Foster capacity development and the creation of best practices to support the sustainable application of evidence-based sex- and gender-based analysis to health policies and programs.
- Support the scientifically rigorous evaluation of outcomes related to the integration of sex- and gender-based analysis into health policies and programs.

Funding Details: The total amount available for this funding opportunity is $300,000, enough to fund 2 grants. The maximum amount per grant is $75,000 per year for up to two years for a total of $150,000, per grant.

Additional Details
Internal HRS Deadline: January 9, 2018
Sponsor Deadline: January 23, 2018

CIHR – Joint Canada-Israel Health Research Program

This funding opportunity is expected to:

- Advance research and discovery in the biomedical sciences;
- Encourage scientific collaboration between Canadian and Israeli researchers and trainees; and
- Build capacity in biomedical science and foster scientific relations and collaborations with researchers and trainees in low and middle income countries.

Funding Details: The current competition will fund up to six teams, with a maximal annual budget of approximately $390,000 per team (NIS 1,257,965), for a total amount of approximately $1.17M over three years (NIS 3,773,896).

- ISF will administer the 6 funded grants to the Israeli Principal Applicant's (PA) institution. The maximum amount per project that can be requested by the Israeli PA from ISF is up to NIS 1,540,000 over 3 years.
- IDRC will administer the 6 funded grants to the Canadian PA's institution. The maximum amount per project that can be requested by the Canadian PA from IDRC is up to CAD $670,000 over 3 years.

Additional Details
LOI Deadline: January 16, 2018
Internal HRS Deadline: January 30, 2018
Sponsor Deadline: February 13, 2018

CIHR – Team Grant: Research Network on Lyme Disease

The Lyme Disease Research Network grant is expected to:

1. Build a national network on Lyme disease to facilitate and support national collaboration among Lyme disease stakeholders (researchers, clinicians, and patients) in resource and knowledge sharing:

   - Mobilize, strengthen and build capacity in the Lyme disease research community.
   - Develop innovative multidisciplinary curricula and training opportunities for students and professionals.
   - Facilitate and support translation and dissemination of new knowledge from bench to bedside to population in order to:
     - Improve clinical science and practice;
2. Foster policy changes, leading to transformative and measureable improvements in the development and implementation of evidence-informed practices, policies, services, products and programs;

2. Improve patient outcomes, access to care and quality, efficiency and effectiveness of health care.

2. Develop a national cohort of patients in order to understand the association between serological and clinical phenomenology of Lyme disease on a longitudinal basis (including a biobank creation and maintenance).

**Funding Details:** The total amount available for this funding opportunity is $4 million, enough to fund approximately one research network up to a maximum of $1,000,000 per year for four years. This amount may increase if additional funding partners participate.

---

**Additional Details**

**Internal HRS Deadline:** February 20, 2018

**Sponsor Deadline:** March 6, 2018

**CIHR – Operating Grant: SPOR PIHCI Network – Knowledge Synthesis Grants 2018**

The specific objective of this funding opportunity is to support cross-jurisdictional teams of researchers and knowledge users to produce knowledge syntheses or scoping reviews relevant to the priorities of the Primary and Integrated Health Care Innovations (PIHCI) Network, contributing to the use of synthesized evidence in decision-making and practice across multiple jurisdictions.

**Funding Details:** The total amount available from CIHR for this funding opportunity is $125,000, enough to fund approximately five grants. The maximum CIHR annual amount per grant is $25,000 for up to one year.

- Applicants must secure partner contribution from non-federal sources to match the CIHR contribution at a minimum of 1:1 ratio.
- Only one project may be funded per unique grouping/combination of jurisdictions. An exception will be made if funds are remaining after all fundable applications with unique grouping/combinations of jurisdictions are funded.

---

**Additional Details**

**Internal HRS Deadline:** February 20, 2018

**Sponsor Deadline:** March 6, 2018

**CIHR – Operating Grant: SPOR PIHCI Network – Comparative Program and Policy Analysis (2018)**

The specific objective of this funding opportunity is to support comparative policy analysis and/or policy implications of system-scalable innovations to examine what and how policies across various provincial/territorial jurisdictions yield similar or different health outcomes. Findings are expected to guide evidence-informed policy decision-making and to inform future cross-jurisdictional research.

**Funding Details:** The total amount available for this funding opportunity is $625,000, enough to fund approximately five (5) grants. CIHR’s maximum contribution per grant is $62,500 per year for up to two (2) years.

---

**Additional Details**

**Internal HRS Deadline:** February 20, 2018

**Sponsor Deadline:** March 6, 2018

**23andMe Academic Research Collaborations Program**

The 23andMe Academic Research Collaborations Program is now accepting proposals for our fall review cycle. The submission deadline is Tuesday, December 12. Please note that 23andMe will only be accepting applications using their online form, which can be found here: [23andMe Academic Research Collaborations Fall 2017 Application](#). Please include the following information:

- A research proposal summary, which will be made public if the proposal is accepted (no more than 500 words)
- A description of the proposed research project (no more than 2,000 words, excluding references)
- A description of unique datasets or analytic tools that your research group has developed and will provide for the collaboration. Researchers should include a description of the IRB-approved protocol used to collect the dataset, if applicable (a total of no more than 1,000 words)
- A list of co-investigators and other personnel
- An NIH-style biosketch or CV for the principal investigator

The Canadian Institute for Advanced Research (CIFAR) Global Call for Ideas
For more than three decades, CIFAR’s global research programs have connected many of the world’s best minds – across borders and disciplines – to shape new perspectives and spark ground-breaking ideas. Our commitment to sustained research interactions and engagement through interdisciplinary research networks offers researchers the rarest of commodities: freedom to take intellectual risks that are essential for creating truly transformative knowledge. CIFAR invites the global research community to submit proposals for new programs that address complex, fundamental questions of importance to the world. Ideas must be novel, bold, and potentially transformative to warrant the creation of a sustained, interdisciplinary, and collaborative research program. CIFAR is pleased to announce a second Global Call for Ideas, inviting research leaders from around the world to identify important global research challenges that would benefit from CIFAR’s approach to sustained research interactions that include diverse perspectives. Submissions must address global, complex questions and identify an interdisciplinary research approach. Proposals will be accepted from all areas of research.

Additional Details
LOI Deadline: January 21, 2018
Announcement of short-listed proposals: Spring 2018
Sponsor Deadline: Fall 2018
*If you plan to submit an LOI please notify Tracy Arabski, Associate Director, HRS, at arabski@mcmaster.ca or ext. 22515*

The Silverstein Foundation, Request for Proposals: Cell Therapies for Parkinson’s Disease with GBA
The Silverstein Foundation for Parkinson’s with GBA seeks to support research that will study and develop cell transplant therapies for Parkinson’s disease. Specifically, the Silverstein Foundation is seeking proposal applications for cell transplant therapies with disease modifying potential and/or the potential to significantly improve symptomatic treatment beyond standard of care in GBA-related Parkinson’s disease.

Funding Details: Applicants are required to submit a budget of both direct and indirect costs. Academic institutions may request up to 25% of direct costs.

Additional Details
Internal HRS Deadline: December 15, 2017
Sponsor Deadline: December 31, 2017

Canadian Anesthesiologists’ Society Operating Grants and Career Scientist Award
The Canadian Anesthesiologists’ Society (CAS) offers two types of research grants through the Canadian Anesthesia Research Foundation:

CAS Career Scientist Award in Anesthesia
The Career Scientist Award provides partial salary support for the investigator to fund protected research time. The Career Scientist Award is normally awarded every other year, but on a trial basis this is available in 2018 and will also be available in 2019.

- Career Scientist Award

Operating Grants
Operating Grants provide funding to cover the direct costs related to a single research project. In 2018, we are pleased to offer the following five operating grants of which two are in subspecialty fields, one is an open award, one grant that is designated for new investigators and one grant for individuals committed to doing research during their residency training.

- New Investigator Operating Grant
- Subspecialty Operating Grants
- Open Operating Grants
- Residents’ Research Grant

Funding Details:
- Career Scientist Award - With the matching contribution from the recipient’s institution, the CAS award of $60,000 represents a total award of $120,000 over two years.
• New Investigator Operating Grant – Up to $30,000
• Subspecialty Operating Grants – There are two subspecialty Awards
  o CAS Research Award in Neuroanesthesia in memory of Adrienne Cheng – up to $10,000
  o Dr Earl Wynands Research Award in Cardiovascular Anesthesia – up to $30,000
• Open Operating Grants – Up to $40,000
• Residents’ Research Grant – Up to $10,000

Internal HRS Deadline: December 18, 2017
Sponsor Deadline: January 8, 2018

American Urological Association 2017 Residency Research Award
Conducting urologic research is an exciting and vital activity for medical professionals. Research training during urology residency provides residents with exposure to this potential career path and experience to enable them to continue their development towards becoming independent investigators. Importantly, residency research training has the potential to address the critical and increasing shortfall of urology surgeon-scientists and to play a key role in departmental and institutional contributions to science and to improving patients’ lives through research. The Urology Care Foundation is proud to provide the Residency Research Award program. This program, initiated in 2010 and having funded ten awards thus far, is made possible through the support of the Urology Care Foundation, the Russell Scott, Jr., MD Urology Research Fund, and other sponsors. These awards are designed to support outstanding urology residents for a period of six months or one year while the resident fulfills his or her obligation for research training.

Funding Details: These awards provide up to $40,000 per year to conduct either six months or one year of research under the direction of an accomplished mentor. Sponsoring institutions provide matching funds and ensure that the awardee receives adequate research support.

Additional Details
LOI Deadline: December 14, 2017
Internal HRS Deadline: January 2, 2018
Sponsor Deadline: January 11, 2018

American Urological Association: Urology Care Foundation Summer Medical Student Fellowships
The Urology Care Foundation offers a portfolio of mentored research training awards intended to recruit outstanding young investigators into urologic research and foster their career success. This fellowship program is designed to attract high-caliber medical students to urologic research by engaging them in summer research fellowships alongside world-class urologic scientists.

Funding Details: Awardees receive $4,000 stipends to support them during a ten-week mentored research experience.

Additional Details
Internal HRS Deadline: January 2, 2018
Sponsor Deadline: January 11, 2018

European Respiratory Society: 2018 Long-Term Research Fellowships
Long-Term Research Fellowships (LTRF) enable investigators and clinicians in the early stages of their career to carry out basic, translational or clinical research projects. Through this experience, young scientists learn and apply advanced research procedures and techniques not available at their home institute. Since 2015, ERS has increased the number of fellowships on offer by welcoming applicants from scientifically developing countries, and through partnerships with other organizations. Applicants are selected based on their scientific merit and the skills and experience they can bring to a new centre.

Funding Details: ERS long-term fellowships encompass a living stipend, a child allowance and a travel grant. The living stipend cover costs related to food, accommodation, transportation, etc. The monthly rates vary per host country. The living stipend is set in order to enable the stay in the host country only. The rate should be sufficient for covering the monthly living needs.

Additional Details
Internal HRS Deadline: January 2, 2018
Sponsor Deadline: January 14, 2018
**The Canadian Cancer Society: Travel Awards**

A limited number of Travel Awards to PhD or MD/PhD students, and post-doctoral/medical/clinical fellows are available. The purpose of this program is to defray the travel costs associated with making a scientific presentation as a first author or presenter at a conference, symposium or other appropriate professional meeting. Candidates must be attending a conference for the purpose of presenting data (paper or poster presentation) from a cancer-related project on a first-author or presenter basis. Applications will be accepted for conference dates within 6 months of the competition deadline date. Applications will not be accepted for conferences that have already taken place. Note that acknowledgement of CCS funding must be included in the paper or poster.

**Funding Details:** The Travel Award will be made to defray costs of travel, registration, accommodation, meals, ground transportation, etc., and will not exceed $2,000.

**Additional Details**

Internal HRS Deadline: January 2, 2018  
Sponsor Deadline: January 15, 2018

---

**The Ministry of Tourism, Culture and Sport: 2018-19 Ontario Sport and Recreation Communities Fund (OSRCF)**

The Ontario Sport and Recreation Communities Fund (OSRCF) is a grant program that supports a vision of getting and keeping Ontarians active in community sport, recreation and physical activity. The fund:

- increases opportunities for physical activity in sport and recreation by developing new programs or increasing access to existing programs to encourage individuals to become more active and keep those who are, engaged throughout their lives
- aims to embed physical literacy as a foundation for lifelong physical activity among individuals enabling them to make healthier activity choices
- strengthens the community sport and recreation sector by providing training in areas such as coaching, youth development, and volunteer development to provide enhanced service and quality programming.

Through the support of projects that deliver high-quality programs and policies, the OSRCF provides Ontarians with more opportunities to become physically active, including groups who experience barriers to participating and those who are traditionally less active.

**Funding Details:** The program supports projects of one or two years in length, at both the Local/Regional and Provincial levels. The Ministry will fund a percentage of eligible project expenses requested by the applicant.

**Additional Details**

Internal HRS Deadline: January 2, 2018  
Sponsor Deadline: January 16, 2018

---

**Crohn’s and Colitis Canada: 2018 Innovations in IBD Research**

Crohn's and Colitis Canada invites applications for an Innovations Grant to fund novel or innovative approaches to IBD research. This grant is intended to stimulate and support research which may not be encompassed within the boundaries of traditional medical research. Research proposals must conform to sound principles of research and may aim to collect pilot data for follow-on application(s). Our organization seeks mission relevance and excellence as well as innovation.

**Funding Details:** Grants to a maximum of $50,000 for one year may be awarded

**Additional Details**

Internal HRS Deadline: January 5, 2018  
Sponsor Deadline: January 19, 2018

---

**Crohn’s & Colitis Foundation: Entrepreneurial Investing Initiative**

The Crohn's & Colitis Foundation seeks to accelerate the development of products that aim to improve the quality of life of patients with inflammatory bowel diseases. Toward that end, the Foundation has launched the Entrepreneurial Investing Initiative, a new program and dedicated funding mechanism to support product-oriented research and development. Companies and academic investigators can apply. Funding up to $500,000 per project per year will be considered. In addition, funded programs will be offered accelerator resources and advising. Even if your organization is not interested in the Entrepreneurial Investing Initiative at this time,
please consider submitting a Letter of Intent as an initial step in engaging with the Foundation. You may be eligible for additional resources, including future funding opportunities.

**Funding Details:** Funding up to $500,000 per project per year will be considered.

**Additional Details**

**LOI Deadline:** January 22, 2018  
**Sponsor Deadline:** TBD

---

**Ontario Genomics: Bioinformatics and Computational Biology Funding Competition (B/CB)**

Ontario Genomics is pleased to announce an upcoming Genome Canada funding opportunity for Bioinformatics and Computational Biology to be launched in December 2017. This funding opportunity is aimed at supporting research projects that address any aspect of bioinformatics and computational biology (B/CB) as it relates to genomics across all of Genome Canada’s sectors, i.e., human health, agriculture, aquaculture/fisheries, forestry, energy, mining and environment.

The objectives of this competition are:

- To support the development of next generation B/CB tools and methodologies needed to manage, analyze and integrate complex data sets produced by modern genomics technologies to better understand the associated biology; and,
- To provide broad and timely access of these B/CB tools to the research community.

**Funding Details:** $12M is available for multiple projects of $500k-$1M per project (total) for the duration of up to 3 years.

**Additional Details**

**Registration Deadline:** January 31, 2018  
**Sponsor Deadline:** TBD  
*To apply, contact Sarah McNiven-Scott, Senior Grants Advisor, Major Projects, HRS, at mcnivesb@mcmaster.ca or ext. 22871*

---

**Ontario Respiratory Care Society (ORCS) Research Grant**

The objective of this fund is to promote research regarding any field of acute or chronic lung disease. Research may include investigation of any phenomenon pertinent to illness assessment, management, or responses of the individual with a respiratory condition. Research may also be aimed at health promotion, education and prevention issues. Studies may use quantitative or qualitative methodologies. The Lung Association – Ontario (TLA) is committed to supporting the best respiratory research in Ontario. TLA has established focus areas: asthma, air quality and smoking-related lung disease. Projects in these areas are encouraged. However, the primary criterion for the awarding of research monies shall be the excellence of the research proposal.

**Funding Details:** Awards are given for 12 calendar months from July 1 to June 30.

**Additional Details**

**Internal HRS Deadline:** January 18, 2018  
**Sponsor Deadline:** February 1, 2018

---

**Ontario Respiratory Care Society (ORCS) Fellowship Awards**

The objective of the ORCS Fellowship Awards is to permit health care professionals who are members of the ORCS to pursue graduate study so that they may be better able to contribute to the field of respiratory illness, health care and education. The program should show evidence of a plan to foster theory, research and either a clinical or functional area of specialization. Studies may include research-related basic, applied or clinical study using quantitative or qualitative methodologies.

**Funding Details:** The Ontario Respiratory Care Society has only limited funds available. Normally, the monetary value of a fellowship award is:

- Full-time Studies: $7,500.00
- Part-time Studies: $3,750.00

**Additional Details**

**Internal HRS Deadline:** January 18, 2018  
**Sponsor Deadline:** February 1, 2018
**Parkinson Canada Research Program**

The Parkinson Canada Research Program funds research into the cure, cause, progression, improved treatment and/or understanding of Parkinson’s disease, related disorders including Multiple System Atrophy (MSA), Progressive Supranuclear Palsy (PSP), other Parkinson’s conditions and the impact these diseases have on society. Parkinson Canada has released 6 new funding opportunities. Please refer to the additional details link for more information from the Parkinson Canada website.

**Funding Details:**
- **Pilot Project Grant** – One-year duration Maximum funding of $50,000
- **New Investigator Award** – Two-year duration $45,000 per year
- **Basic Research Fellowship** – Two-year duration $40,000-$50,000 per year
- **Clinical Movement Disorders Fellowship** – One-year duration $50,000
- **Clinical Research Fellowship** – Two-year duration $50,000 per year
- **Graduate Student Award** – Two-year duration $20,000 per year (including $5,000 from supervisor)

**Additional Details**

**Internal HRS Deadline:** January 18, 2018  
**Sponsor Deadline:** February 1, 2018

**The Kidney Foundation of Canada: KRESCENT Post-Doctoral Fellowship**

A KRESCENT program Post-Doctoral Fellowship is an “in-training” award intended for applicants with a PhD, MD or equivalent degree. The objective is to attract and foster young investigators to initiate and/or continue training in kidney research. An awardee may not be in receipt of another major personnel award at the same time as holding the Post-Doctoral Fellowship from the KRESCENT program. However, the KRESCENT program will consider approving supplemental funding if a minor stipend has been provided from a local or provincial funding agency.

**Funding Details:** The annual stipend is $ 65,000 (MD or equivalent degree) or $ 55,000 (Ph.D. without a MD or equivalent degree) without benefits. Successful applicants are expected to organize their own benefits with the host institution. Stipends are valued in Canadian dollars and are taxable. It is expected that 50% of the award will be contributed by the KRESCENT Program and 50% will be contributed by the host institution.

**Additional Details**

**Internal HRS Deadline:** January 18, 2018  
**Sponsor Deadline:** February 1, 2018

**The Kidney Foundation of Canada: KRESCENT New Investigator Award**

The KRESCENT program New Investigator Award is awarded to individuals who have clearly demonstrated excellence during their pre-doctoral and post-doctoral training in kidney disease. The Award provides salary support for up to three years of the faculty appointment at the rank of Assistant Professor or its equivalent at a Canadian University. The purpose of this award is to assist such an individual to become established as a fully independent investigator in the field of kidney disease. Preference may be given to candidates who have been awarded and successfully completed a KRESCENT program Post-Doctoral Fellowship or Allied Health Doctoral Scholarship.

**Funding Details:** The annual stipend is $70,000 (MD or equivalent degree) or $65,000 (Ph.D. without a MD or equivalent degree) without benefits. Stipends are valued in Canadian dollars and are taxable. It is expected that 50% of the award will be contributed by the KRESCENT Program and 50% by the host institution.

**Additional Details**

**Internal HRS Deadline:** January 18, 2018  
**Sponsor Deadline:** February 1, 2018

**Burroughs Wellcome Fund: Collaborative Research Travel Grants**

The Collaborative Research Travel Grant (CRTG) program provides up to $15,000 in support for relatively unrestricted travel funds to academic scientists (faculty and postdocs) at U.S. or Canadian degree-granting institutions. Grants must be used for domestic or international travel to another lab to learn new research techniques or begin or continue a collaboration to address biomedical
questions. All proposals must be cross-disciplinary. Applicants with a doctoral degree in the physical, mathematical, or engineering sciences working on a biological problem are encouraged to apply. Conversely, proposals from biological scientists who desire to collaborate with a physical scientist, mathematician, or engineer are also encouraged to apply.

**Funding Details:** The Collaborative Research Travel Grant (CRTG) program provides up to $15,000

**Additional Details**

**Internal HRS Deadline:** January 18, 2018

**Sponsor Deadline:** February 1, 2018

---

**Social Sciences and Humanities Research Council (SSHRC) Connection Grants**

Connection Grants are expected to respond to the objectives of the Connection program. They support events and outreach activities geared toward short-term, targeted knowledge mobilization initiatives. These events and activities represent opportunities to exchange knowledge and to engage on research issues of value to those participating. Events and outreach activities funded by a Connection Grant may often serve as a first step toward more comprehensive and longer-term projects potentially eligible for funding through other SSHRC funding opportunities listed in SSHRC's Funding search tool.

Connection Grants support workshops, colloquia, conferences, forums, summer institutes, or other events or outreach activities that facilitate:

- disciplinary and/or interdisciplinary exchanges in the humanities and social sciences;
- scholarly exchanges between those working in the social sciences and humanities and those working in other research fields;
- intersectoral exchanges between academic researchers in the humanities and social sciences and researchers and practitioners from the public, private and/or not-for-profit sectors; and/or
- international research collaboration and scholarly exchanges with researchers, students and non-academic partners from other countries.

**Funding Details:** The maximum value of a Connection Grant for an event is $25,000 over 1 year. The minimum request required is $7,000. The maximum value of a Connection Grant for other outreach activities is $50,000 over 1 year. SSHRC will consider higher amounts on an exceptional basis; however, such applications must satisfactorily justify the need for the higher amount, as well as provide evidence that the entire award can be managed within the one-year timeframe.

**Additional Details**

**Notify ROADS of Intent to Apply:** December 15, 2017

**Draft Application due to ROADS:** January 11, 2018

**Final Application due to ROADS:** January 23, 2018

**Sponsor Deadline:** February 1, 2018

*To Apply, Contact Christina Pellegrini, Senior Advisor, Development, ROADS at pellegrc@mcmaster.ca or extension 27207*

**Social Sciences and Humanities Research Council (SSHRC) Insight Development Grants**

The Social Sciences and Humanities Research Council of Canada (SSHRC) is now accepting applications for the 2018 Insight Development Grants competition. Insight Development Grants support research in its initial stages. The grants enable the development of new research questions, as well as experimentation with new methods, theoretical approaches and/or ideas. Funding is provided for short-term research development projects, of up to two years, proposed by individuals or teams. For the current competition, at least 50 percent of funds will be reserved for applications from emerging scholars. Established scholars must demonstrate how the proposed project is delineated from previous/ongoing research. An individual may not, in a calendar year, submit, as applicant (principal investigator/project director), an application for both an Insight Development Grant and an Insight Grant, regardless of the outcome of the application. Applicants (or project directors, where applicable) who have received a SSHRC grant of any type but have failed to submit an end of grant report by the deadline specified in their Notice of Award are not eligible to apply for another SSHRC grant until they have submitted the report. Proposals may involve any disciplines, thematic areas, approaches or subject areas eligible for SSHRC funding. Please see Subject Matter Eligibility for more information.

**Funding Details:** The maximum value of an Insight Development Grant is $75,000 over one to two years. A minimum budget of $7,000 in at least one of the years is required.

**Additional Details**
Women’s College Hospital: Women’s Xchange 15K Challenge

Women’s Xchange invites you to apply for the $15K Challenge. The $15K Challenge awards up to $15,000 to individuals in organizations working to advance the health of women and girls in Ontario. Funding is available for one year to support research projects that address women’s health issues at the local level. From help on framing a research question to aid in communicating the results of your project to others, Women’s Xchange wants to support you. Women’s Xchange can help transform your ideas into research that will make an impact in the communities you serve.

**Funding Details:** The $15K Challenge awards up to $15,000 to individuals in organizations working to advance the health of women and girls in Ontario. Funding is available for one year to support research projects that address women’s health issues at the local level.

- **Internal HRS Deadline:** January 25, 2018
- **Sponsor Deadline:** February 8, 2018

Cancer Research Society: Operating Grants Competition

The Operating Grants Competition is the principal means by which the Cancer Research Society fulfills its mission to support fundamental, early translational and environment-cancer research on all types of cancer to contribute to the advancement of science aimed at preventing, detecting and treating this disease.

Our Operating Grants Competition takes place every year and is open to researchers across Canada.

**Funding Details:** $60,000 per year for a duration of 2 years.

**Additional Details**
- **LOI deadline:** December 5, 2017
- **Internal HRS Deadline:** February 1, 2018
- **Sponsor Deadline (By invite only):** February 15, 2018

Social Sciences and Humanities Research Council (SSHRC) Partnership Grants – Stage 1

Partnership Grants provide support for new and existing formal partnerships over four to seven years to advance research, research training and/or knowledge mobilization in the social sciences and humanities through mutual co-operation and sharing of intellectual leadership, as well as through resources as evidenced by cash and/or in-kind contributions. Partnership Grants are intended for large teams working in formal collaboration between postsecondary institutions and/or organizations of various types. Projects whose primary objective is curriculum development are not eligible for funding.

**Funding Details:** Applicants successful at the first stage will be offered funds of up to $20,000 to help in the preparation of the formal application. Partnership Grants successful at the formal application stage will typically be provided $500,000 to $2.5 million over four to seven years.

**Additional Details**
- **Notify ROADS of Intent to Apply:** December 8, 2017
- **Draft Application due to ROADS:** January 2, 2018
- **Final Application due to ROADS:** February 5, 2018
- **Sponsor Deadline:** February 15, 2018

*To Apply, Contact Pamela McIntyre, Assistant Director, Development, ROADS at mcintyp@mcmaster.ca or extension 23713*
MITACS Elevate Winter 2018 Call for Proposals
Mitacs Elevate is a postdoctoral fellowship with a customized research management training component. Fellows address complex challenges through:

- An exclusive research management curriculum for postdoctoral fellows in any discipline
- A minimum one-year research project (normally two years in duration) with a partner organization in need of high-level expertise
- A Partner Organization Business Case, developed to outline project objectives, risks, and stakeholder success criteria, and ensure project value

Elevate fellows progress through the program in a cohort, giving them cross-disciplinary networking and peer-learning opportunities they might not have otherwise in their careers. Over the two-year fellowship, Elevate fellows divide their time between their partner organization project and university-based research with their faculty supervisor.

**Funding Details:** $55,000 minimum annual stipend/salary (for fellowships awarded after April 1, 2018) Training curriculum valued at $7,500 per year

**Additional Details**
**LOI deadline:** January 24, 2018
**Internal HRS Deadline:** February 7, 2018
**Sponsor Deadline:** February 21, 2018

Weston Brain Institute: Transformational Research Canada 2018 Neurodegenerative Diseases of Aging
The Weston Brain Institute is delighted to launch their Transformational Research: Canada 2018 Program to fund transformative, novel, high-risk, high-reward translational research projects with excellent preliminary data. Their goal is to provide funding for translational research that will accelerate the development of therapeutics for neurodegenerative diseases of aging. Eligible Principal Applicants must be researchers working in Canada at least 30% of the time at or above the level of Assistant Professor or equivalent, and be affiliated with a Canada Revenue Agency-qualified donee institution located in Canada. Co-Applicants/Collaborators must be at the post-doctoral level or above and can be working outside Canada.

**Funding Details:** A maximum of $1,500,000 over up to 3 years per project

**Additional Details**
**LOI deadline:** February 15, 2018 *Extended*
**Sponsor Deadline (By invite only):** March 2018

Ontario-Jiangsu Industrial Research and Development Program (OJIRDP)
The Ontario-Jiangsu Industrial Research and Development Program (OJIRDP) will support joint industrial R&D projects focusing on the development of products or processes that may lead to commercialization in global markets. A partnership of the Jiangsu Science and Technology Department (JSTD) and the Ontario Ministry of Research, Innovation and Science (MRIS), the OJIRDP will support projects leading to commercial success and socio-economic benefits for both jurisdictions.

**Funding Details:** Successful Ontario applicants may receive a maximum of $125,000 CAD per project (for academic applicants) or $150,000 CAD per project (for company applicants) from OCE under the OJIRDP program, to fund the Ontario portion of the project.

**Additional Details**
**LOI Deadline:** January 15, 2018
**Internal HRS Deadline:** March 1, 2018
**Sponsor Deadline (By invite only):** March 15, 2018

The Canadian Cancer Society: Innovation Grants
Innovation Grants have been created to support innovative, creative problem solving in cancer research. As competition for grant funding increases, peer review panels become more conservative and risk averse, emphasizing feasibility more than innovation. The goal of this CCS Research grant program is to support unconventional concepts, approaches or methodologies to address problems in cancer research. Innovation projects will include elements of creativity, curiosity, investigation, exploration and opportunity.
Successful projects may be based on “high risk” ideas, but will have the potential for “high reward” (i.e. to significantly impact our understanding of cancer and generate new approaches to combat the disease by introducing novel ideas into use or practice).

**Funding Details:** Grant budgets may be up to $100,000 per year and a maximum of $200,000 per grant. Grant expenditures may be extended over 3 years if justified in the application. Grants will be non-renewable.

**Additional Details**

**LOI Deadline:** December 15, 2017  
**Internal HRS Deadline:** March 15, 2018  
**Sponsor Deadline:** March 29, 2018

---

**The Canadian Cancer Society: Innovation to Impact Grants**

Innovation to Impact Grants (i2I) are intended to support the further development of significant findings based on the goals originally explored through a funded CCS Innovation Grant or an eligible CBCF grant. Note: Only investigators with a funded Innovation Grant OR CBCF grant with a project end date between January 1, 2015 and July 31, 2018 are eligible for this program.

Applicants are required to articulate significant achievements from the original Innovation Grant or CBCF Grant (i.e., significant new knowledge, publications, intellectual property, technology development, or relevant endpoints) and clearly describe and justify the progression to the new research proposed. Applicants must also describe the potential for impact of the proposed project on cancer. Any applications that are not appropriate, as determined through a review of the abstract registration, will not be eligible to proceed to the full application stage.

Investigators looking to explore unexpected outcomes or ideas not originally proposed in a funded Innovation Grant or CBCF grant are encouraged to apply for a new Innovation Grant as the Innovation to Impact Grant program is designed to build upon successful outcomes from the objectives of the original Innovation/CBCF grant.

**Funding Details:** Grant budgets may be up to $150,000 per year with a maximum of 3 years of funding. Grants will be non-renewable.

**Additional Details**

**LOI Deadline:** December 15, 2017  
**Internal HRS Deadline:** March 15, 2018  
**Sponsor Deadline:** March 29, 2018

---

**MITACS Accelerate Internship Opportunities**

Five United Ways across Canada have come together in a pilot partnership with Mitacs to provide funding and training for graduate students and postdocs for research related to social inclusion. Social Inclusion as an issue is of broad interest to United Way’s across Canada and the United Way movement worldwide. Inclusion is a strategy to leverage diversity. Diversity always exists in social systems. Inclusion, on the other hand, must be created. In order to leverage diversity, an environment must be created where people feel supported, listened to and able to do their personal best. Social inclusion (sometimes referred to as a sense of belonging) is the act of making all groups of people within a society feel valued and important. It is the process of improving the terms on which individuals and groups take part in society—improving the ability, opportunity, and dignity of those disadvantaged on the basis of their identity.

**Funding Details:** Get a stipend/salary starting at $10,000 per four-month period

**Additional Details**

**LOI Deadline:** January 8, 2018  
**Internal HRS Deadline:** March 19, 2018  
**Sponsor Deadline:** April 1, 2018

**Canadian Blood Services: Intramural Research Grant Program**

The objective of the Intramural Research Grant program is to support research that will advance knowledge in specific research priorities, as described below. Increasing the stock of knowledge underpinning blood transfusion and blood-related stem cell transplantation practices will lead to new discoveries that will improve the safety and efficacy of blood products and the blood system in general. The research supported through the Intramural Research Grant program will contribute to Canadian Blood Services reaching its overall goal of attaining excellence in the manufacturing and distribution of biological products and in the
provision of clinical services and will contribute to Canadian Blood Services corporate strategy of improving patient outcomes and continually earning the right to serve the health care system.

**Funding Details**: The total amount available is $1,200,000, and it is expected that up to three (3) new grants will be funded.

**Additional Details**
- **LOI Deadline**: December 15, 2017
- **Internal HRS Deadline**: March 19, 2018
- **Sponsor Deadline**: April 2, 2018

---

**Weston Brain Institute Rapid Response: Canada 2018 Parkinson’s & Related Diseases – Round 1**

Seed funding for novel, high-risk, high-reward translational research to accelerate the development of safe and effective treatments for neurodegenerative diseases of aging. Principal applicants must be at or above the level of postdoctoral researcher at a CRA qualified institution located in Canada. Project must involve the development of a therapeutic, and/or a tool to help accelerate the development of therapeutics for neurodegenerative diseases of aging.

**Funding Details**: Maximum $200,000 over up to 18 mos.

**Additional Details**
- **LOI Deadline**: December 4, 2017
- **Internal HRS Deadline**: March 21, 2018
- **Sponsor Deadline**: April 4, 2018 (by invite only)

**Misk Foundation and the Bill & Melinda Gates Foundation: Misk Grand Challenges**

The Misk Foundation, the non-profit philanthropic foundation established by Saudi Arabia’s Crown Prince Mohammed bin Salman, and the Bill & Melinda Gates Foundation have partnered to launch Misk Grand Challenges. This initiative seeks to empower youth both with the skills that they need to succeed in the knowledge economy and with the passion required to tackle the world’s most challenging problems. Ultimately, the initiative hopes to nurture a new generation of leaders who will transform both local and global communities.

**Funding Details**: Awards total $100,000 USD each, provided over 2 years, with an opportunity to apply for follow-on funding.

**Additional Details**
- **Internal HRS Deadline**: April 18, 2018
- **Sponsor Deadline**: May 2, 2018

---

**MITACS Accelerate Fellowship**

The Mitacs Accelerate Fellowship provides a long-term funding and internship option for master’s and PhD students. Recipients can also access professional development training that helps them ensure project success and gain in-demand career skills. Interested applicants can apply for the Accelerate Fellowship at any time. All other Accelerate program guidelines apply.

**Funding Details**:
- **Master’s students** - $40,000 total research award for 18 mos. Minimum intern stipend is $30,000 and partner organization contribution is $18,000
- **PhD students** - $80,000 total research award for 36 mos. Minimum intern stipend is $72,000 (24,000/year) and partner organization contribution is $36,000

**Additional Details**
- **Sponsor Deadline**: Ongoing

---

**Weston Brain Institute: Early Phase Clinical Trials: Canada**

Neurodegenerative diseases of aging are among the least understood and most undertreated diseases today. If ignored, the social and economic costs of managing these diseases will continue to rise. Meeting these challenges requires pioneering approaches to accelerating treatments. The Early Phase Clinical Trials: Canada program was created to provide funding support for clinical trials and clinical trial sub-studies that have excellent preliminary data. Eligible Principal Applicants must be at or above the level of Assistant
Professor or equivalent, and be affiliated with a Canada Revenue Agency-qualified donee institution located in Canada. Co-applicants and Collaborators must be at the post-doctoral level or above, and can be working outside Canada.

An application requires the submission of a Letter of Intent which will be reviewed by our scientific review committee. Applicants with high potential projects will then be invited to submit a Proposal. Instructions for submitting the Proposal will be forwarded to those invited. Applicants can expect to receive the outcome of their LOI application approximately 2 months after submission.

**Funding Details**: A maximum of $1,500,000 per project over up to 4 years.

---

**MITACS Globalink Research Award – Special Opportunity**

The Mitacs Globalink Research Award supports international research collaboration. Special research funding is available for graduate students with uncertain status in their current location, to conduct research at a Canadian university.

**Funding Details**:
- $5,000 award from Mitacs to support student travel and accommodation expenses, research-related expenses, and student stipend
- 12-24 week project at a Canadian university Supervised by Canadian faculty
- Applications are accepted at any time and will be processed as received.

---

**Canadian Institute for Advanced Research (CIFAR), Call for Proposals: International & Interdisciplinary Research Workshops – Open Call**

CIFAR is announcing the launch of a new opportunity to explore key questions of global importance that can best be addressed through interdisciplinary, international teams. We have designed a research workshop program for short-term, time-limited interactions of 10 to 20 people.

**Funding Details**: A high-level budget is required for up to a maximum of $50,000 CAD

---

**Simons Foundation, Simons Foundation Autism Research Initiative (SFARI): SFARI Explorer Award**

This award program is designed to enhance our existing support of autism research by providing timely resources to enable focused experiments highly relevant to our mission. A deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. We will consider proposals at all of these levels.

**Funding Details**: SFARI will support applications for maximum of $70,000, including indirect costs, for one year, non-renewable.

---

**OCE Voucher for Innovation and Productivity (VIP I) Program**

The VIP I Program brings industry and academia together to solve industry’s innovation challenges. It helps eligible companies develop, implement and commercialize technical innovations by supporting partnerships between Ontario’s industry and publicly funded post-secondary institutions. The program supports collaborations between industry and post-secondary institutions up to 12 months in duration that lead to knowledge mobilization, commercialization and increased productivity with significant economic impact (i.e. generating new revenues and high-value jobs) for Ontario including the development of new products and/or processes,
facilitate productivity improvements. Open to all disciplines, but it has to be a for-profit. Company must have been in operation for a minimum of two years, AND have a minimum of two full-time employees.

**Funding Details:** OCE will support up to 50% of the eligible research costs, to a maximum OCE investment of $20,000.

**Additional Details**

**Sponsor Deadline:** Ongoing

*To Apply, Contact Bertha Monrose, Contracts Advisor, MILO at monrose@mcmaster.ca or extension 22416*

---

**OCE Voucher for Innovation and Productivity II (VIP II) Program**

The VIP II program helps established Ontario-based companies develop, implement and commercialize technical innovations by supporting partnerships with publicly-funded post-secondary institutions. Projects funded through VIP II address company needs by enabling the development of new products and/or processes, or facilitating productivity improvements, by leveraging post-secondary institutions' skills and resources. Projects must ultimately help generate new revenues and create high-value jobs for Ontario companies. You can also leverage your sponsor’s contribution through the NSERC CRD program for additional research funds.

**Funding Details:** The VIP II program supports collaborations between companies and publicly-funded post-secondary institutions for durations of 12 and 24 months to a maximum of $150,000

**Additional Details**

**Sponsor Deadline:** Ongoing

*To Apply, Contact Bertha Monrose, Contracts Advisor, MILO at monrose@mcmaster.ca or extension 22416*

---

**TalentEdge Internship Program (TIP)**

Ontario’s TalentEdge Internship Program (TIP) provides support for current college and university students (specifically current graduate students and final year undergraduate students), and recent Masters graduates (within three years of graduation), to work on industry-driven research and development projects. Projects must have a clearly-defined R&D component, where R&D is defined by the discipline and is inclusive of all areas of specialization and disciplines. The TalentEdge Internship Program is open to students and recent graduates from across all disciplines, and all areas of specialization.

**Funding Details:** Each four-month internship is valued at $20,000 as follows: $10,000 contribution from OCE; $5,000 company cash contribution; $5,000 company in-kind contribution. It is possible to also leverage your sponsor’s contribution through the NSERC CRD program for additional research funds.

**Additional Details**

**Sponsor Deadline:** Ongoing

*To Apply, Contact Bertha Monrose, Contracts Advisor, MILO at monrose@mcmaster.ca or extension 22416*

---

**TalentEdge Fellowship Program**

Ontario’s TalentEdge Fellowship Program (TFP) provides support for Ontario-based PhD graduates and post-doctoral fellows to work on industry-driven research and development projects. Companies can tap into world-class talent coming out of Ontario’s publicly-funded post-secondary institutions and strengthen their capacity to develop new products, services, and processes.

**Funding Details:** Each 12-month fellowship is valued at $85,000 as follows

- $35,000 contribution from OCE
- $25,000 company cash contribution
- $25,000 company in-kind contribution

**Additional Details**

**Sponsor Deadline:** Ongoing

*To Apply, Contact Bertha Monrose, Contracts Advisor, MILO at monrose@mcmaster.ca or extension 22416*
**MITACS Accelerate Program**
Canada’s premiere research internship program provides interns with the opportunity to transfer their skills from theory to real-world application, while companies gain a competitive advantage by accessing high-quality research expertise. Interns spend approximately half their time on-site with the industry partner; the remainder is spent at the university advancing the research under the guidance of a faculty supervisor. Not-for-profit organizations are eligible.

**Funding Details:** Funding starts at $15,000

**Additional Details**
Sponsor Deadline: Ongoing
*To Apply, Contact Bertha Monrose, Contracts Advisor, MILO at monrose@mcmaster.ca or extension 22416*

**MITACS Globalink Partnership Award**
The Mitacs Globalink Partnership Award supports research collaborations between graduate students at Canadian universities and international industry partners. The award is open to graduate students in all disciplines at Mitacs Full, Associate and Honorary Partner universities and for-profit companies in any country (except the United States).

**Funding Details:** A $15,000 CAD research grant in the Canadian professor’s name to support student travel and accommodation expenses, research-related expenses, and student stipend.

**Additional Details**
Sponsor Deadline: Ongoing
*To Apply, Contact Bertha Monrose, Contracts Advisor, MILO at monrose@mcmaster.ca or extension 22416*

**Department of Defense Psychological Health/Traumatic Brain Injury Research Program (PH/TBIRP) Applied Behavior Analysis Clinical Study Award**
This award supports a prospective clinical study that will evaluate the effectiveness of the tiered delivery model of Applied Behaviour Analysis (ABA) for individuals diagnosed with Autism Spectrum Disorder (ASD). Findings from the clinical study should lead to a thorough and detailed understanding of the outcomes of ABA services delivered to participants diagnosed with ASD who receive tiered model ABA services. The proposed clinical study should address the following list of variables (not all-inclusive): ASD symptom severity, cognitive and adaptive functioning, ABA services, services other than ABA utilized, and other demographic variables. Although not required, investigators are strongly encouraged to include TRICARE beneficiaries diagnosed with ASD in the study population.

**Funding Details:** Maximum funding of $7,000,000 for direct and indirect costs for a maximum of 4 years.

**Additional Details**
LOI Deadline: December 20, 2017 (deadline extended) (A pre-application is required and must be submitted through eBRAP)
Internal HRS Deadline: January 2, 2018
Sponsor Deadline: January 8, 2018 (deadline extended)

**Department of Defense Lupus Research Program (LRP) Funding Opportunities for Fiscal Year 2017**
The Department of Defense has announced two new funding opportunities in the LRP for fiscal year 2017.
- **Concept Award** – Investigators at all academic levels are eligible. This award supports high-risk studies that have the potential to reveal new avenues for investigation into lupus.
- **Impact Award** – Only assistant professor level or above (or equivalent) are eligible. This award supports new high-risk, high-reward ideas that could lead to critical discoveries or major advancements in the field of lupus research. Applications must describe how the new idea will enhance existing knowledge of lupus or develop a novel course of investigation.

**Funding Details:**
- **Concept Award** – Maximum funding of $150,000 for direct and indirect costs for a maximum of 1 year.
- **Impact Award** – Maximum funding of $525,000 for direct and indirect costs for a maximum of 3 years.

**Additional Details**
**Department of Defense Kidney Cancer Research Program (KCRP) Funding Opportunities for Fiscal Year 2017**

Four new awards are available. Please refer to the additional details link for more information from the DoD website.

**Funding Details:**
- **Consortium Development Award** – Maximum Funding of $1 Million Total Costs for a maximum of 2 years.
- **Idea Development Award** – Maximum Funding of $400,000 for direct and indirect costs for a maximum of 3 years.
- **Concept Award** – Maximum Funding of $75,000 for direct and indirect costs for a maximum of 1 year.
- **Translational Research Partnership Award** – Maximum Funding of $600,000 for direct and indirect costs for a maximum of 3 years.

**Additional Details**

**LOI Deadline:** December 20, 2017 (A pre-application is required and must be submitted through eBRAP)

**Internal HRS Deadline:** January 12, 2018

**Sponsor Deadline:** January 4, 2018

---

**Department of Defense Psychological Health/Traumatic Brain Injury Research Program (PH/TBIRP) Peer Support Program (PSP) Translational Research Award**

Applications to the FY17 PSP Translational Research award should examine the efficacy and effectiveness of peer-to-peer support interventions to translate and integrate content into the everyday routines of Service members to enhance psychological health readiness and mitigate negative behavioral health issues including suicide behaviors. Applications should focus on research to evaluate the efficacy and effectiveness of peer support programs that could be implemented in the military.

**Funding Details:** Maximum Funding of $3M for direct and indirect costs for a maximum of 3 years

**Additional Details**

**LOI Deadline:** January 5, 2018 (A pre-application is required and must be submitted through eBRAP)

**Internal HRS Deadline:** January 12, 2018

**Sponsor Deadline:** January 4, 2018

---

**Department of Defense Medical Research and Development Program (DMRDP) Accelerating Innovation in Military Medicine (AIMM) Research Award**

The AIMM Research Award is intended to support highly creative and conceptually innovative high-risk research with the potential to accelerate critical discoveries or major advancements that will significantly impact military health and medicine. AIMM initiative funding supports novel research concepts and other efforts that initiate or enhance potential game-changers that may not be supported by other funding mechanisms or core programs. Applications using synthetic or systems biology-based approaches are highly encouraged.

**Funding Details:** Maximum Funding of $350,000 for direct and indirect costs for a maximum of 18 months.

**Additional Details**

**LOI Deadline:** January 26, 2018 (A pre-application is required and must be submitted through eBRAP)

**Internal HRS Deadline:** February 2, 2018

**Sponsor Deadline:** February 9, 2018

---
