Don’t miss the opportunity to attend this popular continuing educational offering specifically designed for Pathologist Assistants and Laboratory Technologists

We are excited to invite you to attend the third annual offering of our interactive, unique and stimulating education experience “Practical Pathology for the Pathologist Assistant and Technologist”.

Our experienced and dynamic speaker will present on Soft Tissue and Bone. Hands-on time with parallel focus will be spent in our state-of-the-art Anatomy/Surgical Skills Laboratory and in our Pathology suites where we will provide an approach to grossing soft tissue and bone specimens. Cutting techniques using a variety of instruments including our state-of-the-art diamond bone saw will be demonstrated.

**SATURDAY MAY 27, 2017**  
8:30-3:30  
McMaster University Medical Centre  
Health Sciences Centre, Room 1R1  
Hamilton, Ontario (directions)

**REGISTRATION**  
Early Bird Deadline (April 21, 2017)  
$150 + GST (register)  
Regular Deadline (May 5, 2017)  
$175 + GST (register)

Here’s what some of last year’s participants had to say about our 2016 event ...

“Hands on and lectures and that we had the opportunity to spend time in anatomical lab Location is amazing”

“Full of learning and fun and it doesn’t feel like a long day of class”

“The enthusiasm of all doctors involved and the wonderful organizer! Thank you all!!!”

“Anatomy with Dr. Wainman and the lab was beautiful”

“Extremely knowledgeable instructors”

“Really liked the focus on a particular organ system. Nice way to provide a clear focus.”
