

The Department of Pediatrics at McMaster University and McMaster Children's Hospital are seeking a full-time academic physician to join the Division of Pediatric Gastroenterology and Nutrition. We are seeking a candidate with a breadth of expertise in gastroenterology, hepatology and nutrition. The successful candidate will share responsibilities in delivering the comprehensive clinic services provided by the Division and will participate in research and educational activities.

McMaster University is internationally recognized for innovations in medical education and pioneering biomedical, epidemiological and health systems research. Located in Hamilton, on the edge of Lake Ontario and the picturesque Niagara escarpment, McMaster Children's Hospital is a tertiary referral centre serving a population of more than 2.3 million. The Division of Pediatric Gastroenterology and Nutrition currently has 7 members (including clinician educators and a clinician scientist). It is an academic and research-intensive group; the successful candidate would be encouraged to develop an investigative agenda as well as participate in educational activities within the undergraduate medical program and the Royal College accredited Pediatric and Pediatric Gastroenterology and Nutrition post-graduate training programs.

This position will incorporate an academic appointment and salary will be commensurate with the experience and expertise of the applicant. We offer a collegial atmosphere, a unique academic environment, many research collaborations and the opportunity to work in a growing academic department with enthusiastic colleagues.

Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada in Pediatric Gastroenterology and must be licensed (or eligible for licensure) in the Province of Ontario. Ideally, applicants will have completed additional fellowship training and/or have graduate level training and have clinical and research expertise in the field.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada.
