

Postgraduate Medical Education – Fellowship Information & Objectives

Clinical Fellows are postgraduate trainees who have completed the resident training required for College of Family Physicians of Canada (CFPC) or Royal College of Physicians and Surgeons of Canada (RCPSC), or equivalent certification and who are engaged in an educational program with objectives and evaluation procedures. Clinical Fellows require either an Independent Practice or Educational license (Certificate of Registration authorizing independent practice/postgraduate training). In order to assess this proposed fellowship the following information is needed:

1. Name: _____
2. Training Program: _____
3. Check the appropriate box that describes this fellowship training:
