

McMaster University Campus Questionnaire for Annual Review of Fire Procedures for Non-Hospital Hosted Locations

Name:

Department:

Date:

Supervisor:

1. What do you do when the fire alarm bells ring?
2. Outline the specific route that you will take to evacuate the building from the area in which you spend most of your working time.
3. Where is the nearest fire alarm pull station?
4. How do you operate a hand held fire extinguisher?
5. When was the nearest fire extinguisher last inspected?
6. When is it safe to re-enter a building after being evacuated by a fire bell?
7. What class of fire extinguisher is in the area in which you spend most of your time? What type of fire does this extinguisher put out?
8. What should you do when you smell smoke?

PLEASE RETURN TO THE SAFETY OFFICE, HSC 3N1C
