**To what extent do you agree with the following statements:**

1. I get pleasure from doing physical work in my free time.
2. It takes me just a few minutes to shake off my plans without regrets if they don’t work out even if I invested a lot of time and energy to them.
3. I like to participate in games requiring quick physical moves.
4. In large social gatherings, it is easy for me to talk to many people and not get tired.
5. I am bored when people around talk about politics or science.
6. I can easily handle rapid conversations.
7. When I am waiting for someone who is slow, I will give them a push, at least verbally.
8. I am calm, secure and optimistic even in challenging situations.
9. I don’t like risky activities.
10. When my supervisors/teachers suddenly change their plans or tasks, I never argue with them.
11. I am often preoccupied with regrets and dissatisfaction by the outcomes of my actions.
12. Learning from books and experts takes time, but it gives me pleasure.
13. I am never late for an appointment or work.
14. I enjoy strenuous physical activities.
15. There’s no point overthinking why things happen or how something works.
16. I do my physical work quite quickly.
17. Talking to my friends takes time, but normally, I can handle it without getting tired.
18. I am almost never angry even when things don’t work out.
19. I like to speak quickly.
20. I devote my life to the interests, problems and wishes of other people.
21. I like to use services from places that I know rather than ones that I have never used before, even if the other places might be better.
22. Even as an adult, I’ve done several rather risky things just for the thrill of it.
23. Since childhood, I often initiate many projects simultaneously, and this makes my life rather hectic.
24. It’s easy for me to talk about myself with strangers.
25. When I have to do mental work (reading, planning, calculations), I get tired rather quickly.
26. I sometimes talk about things I do not understand.
27. I can finish a prolonged manual job without taking a break.
28. I am often criticized for being "too relaxed" about life stresses.
29. My hand movements are quick and agile.
30. In my spare time, I like talking to people rather than doing something on my own.
31. I quickly move into high gear in doing physical work.
32. I speak fluently without hesitation.
33. I often react too fast by doing or saying something that I might regret later.
Among my acquaintances, there are people whom I certainly dislike. I am so easily swayed by other people's problems that I often forget my own.

In my free time, I

When I feel like saying something, I often do it right away even if it is not appropriate.

When something excites me, it is difficult for me to stop, even if it becomes very risky.

If I travel, I like to know in advance where I will be staying, and that this place is safe.

I don't have the patience for activities that involve a lot of waiting.

When I read aloud, it is hard for me to explain anything unusual.

Taking a risk is the main way for me to control boredom.

When the job or games require frequent changes in plans, unexpected stops and "fixes", I don't stress out as much as other people.

I am always curious about the thoughts and motivations of even the worst people.

It is easy for me to do work requiring prolonged thinking and attention.

I don't have time for other people's problems.

Manual labour tires me very quickly.

I love experimenting with things, and even substances, that make me feel something new or unusual.

I can do housework at a fast pace and still do a decent job.

I'm silent even among my friends.

When I make mistakes, I take it much easier than people around me.

I don't like other people borrowing my things.

My impulses or emotional reactions often cause me problems.

Places that I didn't plan to be in or unexpected turns of events make me more tense than curious.

Taking a risk is the main way for me to control boredom.
