

Lab & Office Cleaning in MDCL

Cleaning of labs and offices consist of picking up garbage, recycling, sweeping and mopping of the floors or vacuuming. Floor waxing and dusting is spring cleaning and happens once per year. The cleaning is done on a 10-day schedule and that does not include weekends. Washrooms, lunchrooms and meeting rooms are cleaned daily.

Garbage is picked up every 5 days on the cleaning schedule by the custodians. There are several waste rooms in the building if you need to dispose of your garbage before your scheduled day.

On the 2nd floor

- Behind the Service Elevator heading over the bridge to the hospital.
- Beside room 2233 which is marked waste room.

On the 3rd floor

- Room 3026

On the 4th floor

- Rooms 4072 & 4089

On the 5th floor

- Rooms 5072 & 5080

Confidential Waste

- Requires a work order to be put through MOSIAC, so boxes can be picked up.
- Confidential waste must be put in a card board box and taped closed with clear markings that it is "Confidential Waste"

If you have any questions or concerns please feel free to contact me at ext 27027 or 27482 or contact the Service Centre at ext 24740.
