Clinical Teaching Fundamentals

Non-facilitated E-Learning Course developed by interprofessional educators

Apr. 25—June 10, 2020

BEST: 12.5 hrs.

Learning Outcomes

Upon completion of this e-learning course, participants will be able to:

- Describe effective clinical teaching characteristics
- Engage in dialogue pertaining to the topics of learning preferences, styles, and learning climate
- Outline the principles of assessment and effective feedback
- Self-assess their strengths and areas requiring development as a clinical teacher
- Demonstrate awareness of interprofessional collaboration

Target Audience: Clinical educators

Course Schedule:

The course is delivered in 6 modules over a six week period. You should plan on setting aside 12-15 hours for the completion of the course. Each module will take approximately 20 – 30 minutes online followed by asynchronous discussion activities. You can login anytime during the week, on the dates indicated below.
